Features of the School

In this school we not only focus in the academic excellence of student but also the cultural and all round development of the students. To fulfill this purpose Hitkarini Sabha organizes mini workshops for teachers to train them. The computer education starts from class 1.

As a regular practice followed every year, we always began our session with aware programs for the parents of students of class LKG to X. Query resolving session by a child psychologist illuminated the path of positive parenting.

Parents can keep a real time back of the status of their child for Daily Attendance, Fee Status, Periodic Results, School curricular and News etc. through the school App and Android mobiles and through the Web Portal.

We took a giant leap in the examination procedure by replacing the conventional regime of manually prepared report card by the teachers with Computer generated report cards.

To take part is what counts in competition and lessons of Victory and defeat are what we get in return. This environment was sufficiently created through inter - school and inter class competition such as Debates, Quiz, Rangoli, Power Point competitions etc.

We take pride to mention that our school cultural and sports always make prestigious appearance. In inter school competitions. Promoting the harmony across all communities, Special Assemblies are conducted on a regular basis where all the festivals irrespective of the religion and following are fondly celebrated.

We have a supportive management whose continuous support to our ideology of education has enabled the school to come this far.
